## Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy known as "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 107 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy. It is replete with important and timely topics such as a description of the nervous system and parts involved, the strange mystery of a new baby, the law of contagion, first pulsations, preparturient uneasiness, a maternity chart, diet list and many other subjects briefly told but of value to all women and particularly to one who is to become a mother. It is mailed free to all who write

# SILKS?

The Palais Royal chief of the Silk Department asks recognition of these facts—scarcity of dyestuffs—higher cost of raw silks—and still greater cost of production. Our silks are purchased from the best manufacturers and are as near perfect as can be woven, with the best dyes only used."
